

## DSUB6F3 Director Collection

The Director Multi-Finish System is a minimal-aesthetic fully distributed in-ceiling audio system engineered to provide deep ample bass and even sound coverage from a port-tuned box subwoofer and an arrangement of in-ceiling speakers in multiple finishes to mimic the appearance of stylish recessed lighting.

DSUB6F3

### Clean, Powerful Bass

Only audible worthy bass frequencies pass through the port of the DSUB6 from the bandpass to deliver a powerful listening experience. This ensures power is strictly utilized in creating the true fidelity low-end output.

### Dueling Effort

Two high-density aluminum woofers sit across from one another inside of the subwoofer enclosure. As a result, the output is enhanced while distortion and cabinet vibrations are significantly reduced.

### Multi-Finish Options

The DSUB6F3 comes with magnetic bezel-less grilles in both square and round finishes to match perfectly with designer recessed lighting.

### Paintable Low Profile Grille

As expected with all Origin Acoustics speakers, the DSUB6 delivers high performance audio while remaining completely concealed from plain sight with a sleek paintable bezel-less magnetic grille.

### Passive Crossover

the DSUB6F3 contains a thorough passive crossover that maintains low frequency response while passing off the appropriate mid and high frequencies to the surrounding D38 satellites.

# Specifications

Model	DSUB6F3
Part Number	DSUB6F300
Woofer Cone	Polypropylene
Woofer Dimensions	6.5 (165mm)
Frequency Response	33Hz - 100 kHz $\pm$ 3dB
Impedance	8 ohm
Power Handling	100 Watts
Box Dimensions	7.9 x 11.8 x 18.9" (200 x 300 x 480mm)
Tube Dimensions	18.9" x 4.2" (480 x 107mm)
Grille Diameter	4.25" (108mm)
Cutout Diameter	3.5" (89mm)
Mounting Depth	7.9" (200mm)
