

Rack Kit MHUB44100A

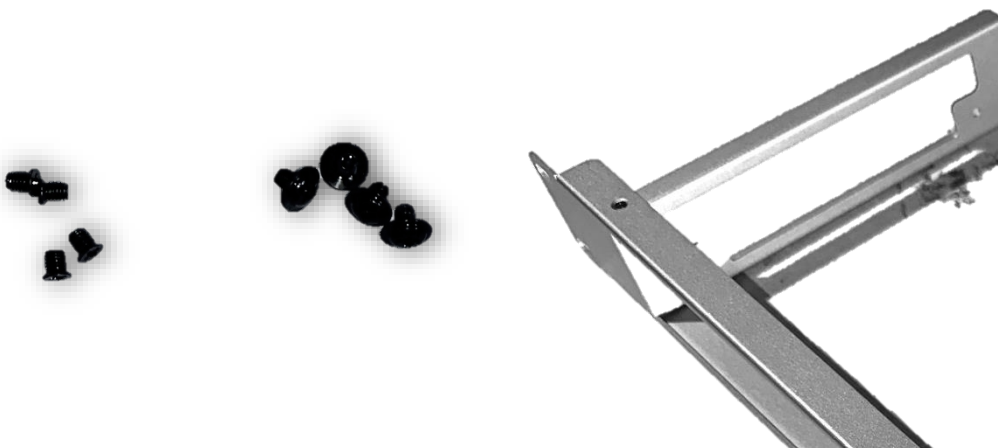

Included

- Facia mount
- Side panel support arms
- Large screws
- Small counter sunk screws

Assembly

Attach side arms to facia panel with the smaller counter sunk screws x4, note to face brackets with folded metal facing out.

Remove the upper counter sunk screws (2x) on the MHUB side panels on both sides. Align and attach the assembled bracket using the supplied larger screws and you're ready to install!
