

UCONTROL (IOS & ANDROID)

PRODUCT CODE: UCONTROL

uControl, MHUB's app for AV control in every room

uControl is MHUB's beautifully simple complimentary app for AV control in every room, included free with MHUB models. uControl requires no coding or complex configuration and is available to download from both the App and Play stores.

It has been designed as a value-add, bundled AV control option that removes the necessity for third party control systems to unlock the power of MHUB.

1. Looks great on mobiles & tablets
2. Dynamically redraws depending on the device used
3. Supports up to 8 zones and 8 sources + stacking
4. Control sources & displays from the same interface
5. Supports innovative HDA gesture control
6. Set background images or change theme completely

FEATURES

- Free (iOS / Android)
- Supports mobiles & tablets
- Intuitive UI - learn how to use in minutes
- Controls MHUB, source, AVR & displays
- Supports Sequences (macros)
- Fully customisable (themes, zones, sources, Sequences)
- No prior networking or coding knowledge required
- No additional hardware required

HDA uControl
